

Homework: Spiral Review – Peer Teachers II

- Do Now:
 - Using your fun-colored pen, star two questions from the homework that you are unsure of.
 - Then, discuss the questions with your partner. Work together and don't be afraid to use your notes or to double check each other's work.
 - Finally, get ready for your peer teaching presentation.
 - Use your time wisely.

Peer Teaching Time Reminders

- When it is your turn to teach, hand one of your rubrics to the teacher.
- Then, lead your class through your questions.
 - Make sure you *teach* by asking questions of your classmates rather than just telling them the answers.
- When you are not teaching, you must work through the questions with your class. Be ready to be cold called by your peers.

Objective: SWBAT ID, correct, and explain common grammatical errors.

Agenda

1. Do Now
2. Peer Teaching Time
3. Closing

Closing

- Let's review your homework for tonight.

Set up your desk:

- "Spiral Review – Peer Teacher II" homework,
- White "Presentation Rubric,"
- Salmon "Spiral Review,"
- Your remote,
- A writing utensil.
